¹ “Corporate governance statement” is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council’s recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity’s corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes “OR” at the end of the selection and you delete the other options, you can also, if you wish, delete the “OR” at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

It does this by ensuring that the Company complies with not only the letter of the many regulations and laws governing the Company's operations but also complies with the spirit and intention of those regulations and laws. It is also committed to ensuring that the shareholders and the market are kept fully informed regarding the Company's operations and strategic direction.

Corporate Governance of the Company is guided by the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations (Recommendations). The Council released the 4th edition Recommendations in February 2019 and the Board is reporting against these recommendations.

This Corporate Governance Statement was approved by the Board on 31 March 2023 and is available in the Corporate Governance section of the Company's Investor website along with the Company's Board and Committee Charters and its main corporate governance policies: www.bassoil.com.au.

The Company's corporate governance statement provides specific information and disclosure of the extent to which the Company follows the Recommendations. Where a Recommendation has not been followed, the fact is disclosed, together with the reasons for the departure. The Company has lodged Appendix 4G with ASX outlining the extent of the Company's compliance with each of the Recommendations.

Principle 1: Lay Solid Foundations for Management and Oversight

The Board of Directors

The relationship between the Board and senior management is critical to the Company's long-term success. The directors are responsible to the shareholders for the performance of the Company in both the short and the longer term and seek to balance sometimes competing objectives in the best interests of the Company as a whole. Their focus is to enhance the interests of shareholders and other key stakeholders and to ensure the Company is properly managed.

Role of the Board

The Board has adopted a formal charter that details the functions and responsibilities of the Board.

A copy of the Board Charter is available in the Corporate Governance section of the Company's website at www.bassoil.com.au.

The Board's responsibilities include:

- Providing leadership of the Company;
- Ensuring that the Company has effective processes and systems;
- Setting, overseeing and maintaining the Company's values, corporate governance framework;
- Safeguarding the reputation of the Company;
- Ensuring there is an effective balance of responsibility between the Managing Director and the Board;
- Ensuring necessary financial and human resources are available ensuring that the performance of management, and the Board itself, is regularly assessed and monitored;
- Promoting a culture where transparent and timely information is shared between management and the Board;
- Ensuring effective communication with shareholders; and
- Appointing, reviewing the performance of, and terminating the Managing Director.

Matters Specifically Reserved For The Board

The Board has reserved for itself the following matters, which are in addition to any matters expressly required by law or other regulation to be approved by the Directors:

- Approving annual operating plans (including objectives, goals and strategies) and regularly reviewing achievement against plan.
- Approving capital requirements.
- Delegating certain authorities to management and monitoring the exercise of these authorities.
- Approving remuneration of the Board and Managing Director.
- Approving capital structure and dividend policy.
- Approving half yearly and full year accounts, the annual report, and related reports to ASX and regulatory authorities.

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

- Maintaining corporate and Board values to ensure the Company acts with the highest ethical standards and integrity in accordance with all legal and regulatory requirements and otherwise in accordance with those management and government best practices appropriate to its business.
- Approving and monitoring compliance with the Company's policies, charters and codes.

Relationship between Directors and Management

Subject to the Company's Constitution and matters specifically reserved for the Directors, the Directors delegate responsibility for day-to-day management of the Company to the Managing Director. The non-executive Directors do not participate in the day-to-day affairs or management of the Company.

Senior Executive Performance

All direct reports of the Managing Director are evaluated by the Managing Director and the performance evaluation of the Managing Director is facilitated by the Chairman, with ultimate oversight by the Board. The evaluation of the Managing Director involves an assessment of a range of factors including the overall performance of the Company and the achievement of specific pre-determined goals.

The Managing Director was appointed on 1 February 2017. A performance evaluation for senior executives was carried out by the Chairman during the period.

Principle 2: Structure the Board to be Effective and Add Value

The Board operates in accordance with its charter which is available from the Corporate Governance section of the Company website at www.bassoil.com.au. The charter details the Board's composition and responsibilities.

Board Size

The Company's Constitution includes provisions for the number of Directors and the appointment and retirement of directors.

The Company's Constitution specifically provides that the Company is to have not less than three and the maximum number of directors is to be fixed by the directors, but may not be more than ten directors, unless the Company in general meeting resolves otherwise.

A copy of the Company's Constitution is made publicly available in the corporate governance section of the Company's website at www.bassoil.com.au.

Board Composition

The Company's Board Charter provides that the Board should comprise Directors with an appropriate range of skills, experience and expertise who have a proper understanding of and competence to deal with the current and emerging issues of the business, and who can effectively review and challenge the performance of management and exercise independent judgment.

The current members of the Board and their skills, experience, expertise, qualifications, term of office, relationships affecting independence, their independent status and membership of committees are set out in the Directors' Report under the heading "Information on directors".

Given the Company's size and limited activities, the Board has not established a board skills matrix setting out the mix of skills and diversity that the Board currently has or is looking to achieve in its membership.

At the date of this report, the Board consists of 4 Directors and comprises:

- 3 independent Non-executive Directors; and
- 1 Managing Director.

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

Mr G Guglielmo	Managing Director	16 December 2014
Mr H M Gordon	Non-executive Director and independent	27 October 2014
Mr M L Lindh	Non-executive Director and independent	16 December 2014

Independence of Directors

All directors, whether independent or not, are required to act in the best interests of the Company and to exercise unfettered and independent judgment.

The independence of each of the Non-executive Directors is reviewed, at least annually.

In assessing the independence of Directors, the Board has regard to the provisions of the ASX Corporate Governance Council, '*Corporate Governance Principles and Recommendations*' (4th ed).

The Company defines an independent Director as a non-executive Director (i.e. not a member of management) who is free of any business or other relationship that could materially interfere with or could reasonably be perceived to materially interfere with the exercise of his or her unfettered and independent judgment and ability to act in the best interests of the Company.

In assessing each Director's independence the Board will consider the effect of a Director's business and other relationships and interests from the perspective of both the Company and the Director.

The Board may determine that a Director is independent notwithstanding the existence of a relationship of the kind referred to above.

Board members

It is considered that all Non-executive Directors are independent.

Appointment & re-election of Board members

The Company's Board Charter provides that in selecting new members for the Board, Directors shall have regard to the appropriate skills and characteristics needed by the Board as a whole and that Directors shall endeavour to appoint individuals who would provide the mix of characteristics and diverse experiences, perspectives and skills appropriate for the Company.

Term of office

The Company's constitution specifies that all Non-executive Directors must retire from office no later than the third annual general meeting (AGM) following their last election. Where eligible, a director may stand for re-election.

Role of the Chairman

The roles of the Chairman and Managing Director are separate, and the Chairman is a Non-executive Director.

The role of the Chairman includes being responsible for managing the Board effectively, providing leadership to the Board and being the interface with the Managing Director.

The Chairman has the authority to act and speak for the Board and liaise with the Company's stakeholders between meetings, subject to any agreed consultation processes.

Role of the Managing Director

The Managing Director has responsibility for the day-to-day management of the Company, providing leadership and managing and overseeing the interfaces between the Company and the public and to act as the principal representative for the Company.

CORPORATE GOVERNANCE STATEMENT (CONTINUED)

The Managing Director must report annually to the Board on succession planning and management development.

Induction

Informal induction provided to new directors and senior managers enables them to actively participate in Board decision-making as soon as possible. It ensures that they have a full understanding of the Company's financial position, strategies, operations, culture, values and risk management policies. It also explains the respective rights, duties, responsibilities, interaction and roles of the Board and senior executives and the Company's meeting arrangements.

Given the Company's size, limited activities and limited financial resources, the Board has not established formal induction procedures.

Board Meetings

Meeting and proceedings of the Board are governed by the relevant provisions of the Company's Constitution.

The Company's Board Charter also provides:

- The Directors shall hold at least six meetings in each calendar year.
- The agenda for meetings is drawn up with input from the Chairman, the Managing Director and senior executives. Directors are free to nominate matters for inclusion on the agenda for each meeting.

Conflict and declaration of interests

Directors are required to take all reasonable steps to avoid actual, potential or perceived conflicts of interests.

The Corporations Act 2001 and the Company's Constitution requires Directors to disclose any conflicts of interest and, in certain circumstances, to abstain from participating in any discussion or voting on matters in which they have a material personal interest.

It is expected that Directors will be sensitive to actual and perceived conflicts of interest that may arise and it is something to which they are expected to give ongoing consideration.

Entities connected with the directors that had business dealings with the Company during the year, are described in Note 29 to the financial statements. In accordance with the Board Charter, the directors concerned declared their interests in those dealings to the Company and took no part in decisions relating to them or the preceding discussions. In addition, those directors did not receive any papers from the Company pertaining to those dealings.

Independent professional advice

The Board and individual directors have the right, in connection with their duties and responsibilities, to seek independent professional advice at the Company's expense. Prior written approval of the Chairman is required, but this will not be unreasonably withheld.

Currently the Board is accountable for the implementation of the risk management process and is ultimately responsible for the management of risks in the business.

The Board is in the process of adopting an updated Risk Management Policy and associated procedures so as to formalise the process of managing material business risks of the Company.
