

Dear fellow Bass Oil shareholder,

2021 provided Bass with a number of significant opportunities as sentiment and commodity prices continued to improve as the world recovered from the COVID-19 pandemic.

Bass Oil assessed a number of high-quality strategic acquisitions during the period, aiming to leverage its existing Indonesian portfolio and industry relationships to build a true, multinational oil and gas producer.

This search resulted in the proposed acquisition of three non-operated Cooper Basin assets from Cooper Energy Limited, including its 30% non-operating interest in the producing Worrior oilfield. In addition, the Company progressed a second transaction to acquire Beach Energy Limited's operating interest in the same portfolio together with the Padulla oilfield, which was subsequently announced to market on 2 March 2022. The transactions are expected to contemporaneously complete in Q2 CY2022.

This reflects your Company's tight due diligence and adherence to an expansion policy based on identifying projects with significant growth potential, proven economics and profitability.

On behalf of the Board of Directors of Bass Oil Limited, I am pleased to invite you to attend the 2022 Annual General Meeting.

The meeting will be held on Tuesday, 24th May commencing at 11.00am CST in Johnson, Winter & Slattery's Boardroom, Level 9, 211 Victoria Square, Adelaide.

Due to the ongoing COVID-19 pandemic the Company has taken steps to ensure attendance in person is in adherence to COVID-19 protocols. If the situation in relation to COVID-19 changes in a way that affects the Company's ability to facilitate an in-person Meeting as currently proposed, the Company will provide a further update ahead of the Meeting by releasing an announcement on the ASX markets announcement platform.

In the meantime, the Board encourages shareholders to submit their proxies as early as possible, even if they intend to attend the Meeting as the situation may change.

Enclosed are the Notice of Annual General Meeting and Proxy Form setting out the AGM's items of business. **I encourage you to:**

- 1. Read the enclosed Notice of Annual General Meeting and Explanatory Statement; and**
- 2. To complete the enclosed voting form.**

The Shareholder voting form should be lodged with the Company's share registry in accordance with the instructions set out in the voting form so that it is received not less than 48 hours before the scheduled start of the meeting.

Yours faithfully

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the resolutions which are the subject of the business of the Meeting.

The Financial Report, the Directors' Report and the Auditor's Report for the financial year ended 31 December 2021 (contained in the Annual Report 2021).

Shareholders have been notified that the Company's Annual Report for the year ended 31 December 2021 ("**Annual Report December 2021**") can be found on the Company's website (www.bassoil.com.au) under 'Investors – Annual Reports' and have been given the option of having a printed copy of the Report sent to them. The Annual Report 2021 has been sent to those Shareholders who requested it.

Resolution 1 - To adopt the Remuneration Report for the financial year ended 31 December 2021

The Company is required under the Corporations Act to include, in the business of its AGM, a resolution that the Remuneration Report for the financial year ended 31 December 2021 be adopted. The resolution is advisory only and does not bind the Directors. However, the Directors will take into account the outcome of the vote when reviewing the Company's remuneration policies and practices.

The Remuneration Report which forms part of the Directors Report is set out on pages 19 to 24 of the Annual Report 2021.

Directors' Recommendation

Acknowledging that each Director has a personal interest in his or her own remuneration from the Company, as described in the Remuneration Report, the Directors unanimously **RECOMMEND** the adoption of the Remuneration Report.

Resolution 2 – Approval of Additional 10% Placement Capacity – Shares

ASX Listing Rule 7.1A provides that an 'Eligible Entity' may seek Shareholder approval at its annual general meeting to allow it to issue Equity Securities up to 10% of its issued capital over a period up to 12 months after the annual general meeting (**10% Placement Capacity**).

The Company is an Eligible Entity.

If Shareholders approve Resolution 2, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out below).

The effect of Resolution 2, if passed, will be to allow the Company to issue Equity Securities up to 10% of the Company's fully paid ordinary securities on issue under the 10% Placement Capacity during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity granted under Listing Rule 7.1.

Resolution 2 is a special resolution. Accordingly, at least 75% of votes cast on Resolution 2 by Shareholders eligible to vote at the Meeting must be in favour of Resolution 2 for it to be passed.

ASX Listing Rule 7.1A

ASX Listing Rule 7.1A came into effect on 1 August 2012 and enables an Eligible Entity to seek shareholder approval at its annual general meeting to issue Equity Securities in addition to those under the Eligible Entity's 15% annual placement capacity.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

The Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a market capitalisation as at 11 April 2022 of A\$10,825,363.

Any Equity Securities issued must be in the same class as an existing class of quoted Equity Securities. As at the date of this Notice, the Company has two classes of Equity Securities on issue, being Shares (ASX Code: BAS) and Options (ASX Code: BASOA). The exact number of Equity Securities that the Company may issue under an approval under Listing Rule 7.1A will be calculated according to the following formula:

$(A \times D) - E$

Where:

- A** is the number of Shares on issue 12 months before the date of issue or agreement to issue:
 - (i) plus the number of Shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
 - (ii) plus the number of partly paid shares that became fully paid in the previous 12 months;
 - (iii) plus the number of Shares issued in the previous 12 months with approval of holders of Shares under Listing Rule 7.1 or 7.4; and
 - (iv) less the number of Shares cancelled in the previous 12 months.
- D** is 10%.
- E** is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of Ordinary Securities under ASX Listing Rule 7.1 or 7.4.

Technical information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 2:

(a) **Minimum Price**

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in paragraph (a)(i) above, the date on which the Equity Securities are issued.

(b) **Date of Issue**

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking)

or such longer period if allowed by ASX (**10% Placement Capacity Period**).

(c) **Risk of voting dilution**

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 2 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the current market price of Shares and the current number of Shares on issue as at the date of this Notice.

The table also shows the voting dilution impact where the number of Shares on issue (variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue Variable A in Listing Rule 7.1A(2) formula	Number of Shares issued under additional 10% capacity	Dilution		
		Funds raised based on issue price of \$0.001 50% decrease in Current Issue Price	Funds raised based on issue price of \$0.002 Current Issue Price	Funds raised based on issue price of \$0.004 100% increase in Current Issue Price
5,412,681,458 (current)	541,268,145	\$541,268	\$1,082,536	\$2,165,073
8,119,022,187 (50% increase)	811,902,218	\$811,902	\$1,623,804	\$3,247,609
10,825,362,916 (100% increase)	1,082,536,219	\$1,082,536	\$2,165,073	\$4,330,145

*The number of Shares on issue (variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. The current shares on issue are the Shares on issue as at 11 April 2022.
2. The issue price set out above is the closing price of the Shares on the ASX on 11 April 2022.
3. The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.

4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in ASX Listing Rule 7.2 or with approval under ASX Listing Rule 7.1.
5. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
6. This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
7. This table does not set out the effect of the consolidation of the Company's Shares on a 30 to 1 basis that was approved at the Company's general meeting held on 8 April 2022 and which has a record date of 4 May 2022.
8. This table does not set out the effect of the Company's buy-back of unmarketable parcels of Shares that was announced on 9 March 2022 and under which participating shares will be cancelled on 28 April 2022. However, that unmarketable parcels buy-back will not have a material impact on the number of Shares the Company has on issue.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(d) **Purpose of Issue under 10% Placement Capacity**

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use funds raised to continue development of the Company's Indonesian production assets or to fund the investigation or acquisition of additional assets, or otherwise to supplement working capital, depending on the prevailing circumstances of the Company at the time of the issue; or
- (ii) as non-cash consideration for the acquisition of new resources, assets and investments, in such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

(e) **Allocation under the 10% Placement Capacity**

The allottees of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the allottees of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the allottees at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- (v) prevailing market conditions; and
- (vi) advice from corporate, financial and broking advisers (if applicable).

Previous Approval under ASX Listing Rule 7.1A

The Company has previously obtained Shareholder approval under ASX Listing Rule 7.1A at the Annual General Meeting held on 25 May 2021. The following information is provided in accordance with Listing Rule 7.3A.6:

During the 12 months preceding the date of this meeting, the Company has issued 334,390,121 Equity Securities that are Shares under Listing Rule 7.1A, which represents approximately 10% of the total number of Equity Securities on issue at 25 May 2021 (12 months before this meeting). Those Equity Securities were issued on 30 August 2021 in a private placement to sophisticated and professional investors through the issue of New Shares at A\$0.002 per share. That issue price was the same as the closing price of Shares at the date of issue. The Placement raised A\$668,780. Of that amount, A\$18,780 has been spent on expenses related to the Placement and the intended use of the remaining A\$650,000 is for the acquisition of Cooper Basin assets from Cooper Energy, previously disclosed to the market on 26 August 2021.

- (i) As at the date of this Notice, the Company has not invited any existing Shareholder to participate in an issue of Equity Securities under ASX Listing Rule 7.1A. Therefore, no existing Shareholders will be excluded from voting on Resolution 2.
